

Carizma Platform

Efficient, Compliant, and Collaborative Contract Workflows – with Built-in AI Insights

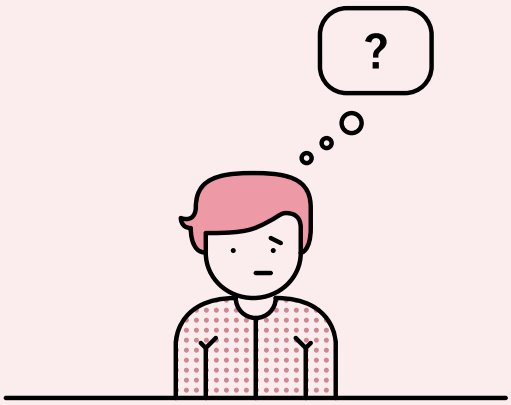

CONTRACT MANAGEMENT SOLUTIONS

carizma

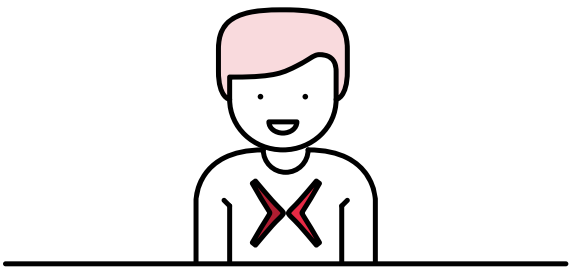

Carizma: A Comprehensive Contract Lifecycle Management Solution

Transform the way your organization handles contracts with Carizma – a powerful platform designed to simplify, streamline, and secure your contract workflows. Carizma addresses the complexities of contract management with a solution that saves time, reduces risks, and enhances efficiency, allowing your team to focus on what truly matters.

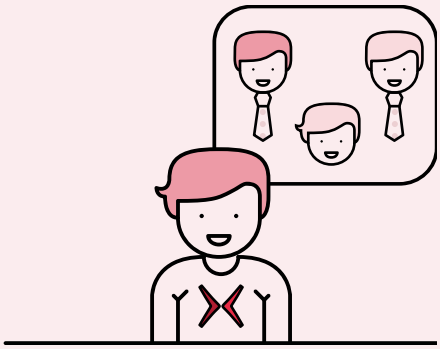

Does this sound familiar?

- Difficulty accessing consistent, up-to-date contract information when it matters most.
- Contract details scattered across siloed systems, often outdated or incomplete.
- Reliance on manual processes to manage obligations, risks, and deadlines.
- Challenges locating contracts after mergers, department reorganizations, or closures.
- Inconsistent clause usage due to decentralized, unsupervised template creation.
- Contract requests submitted to the legal department via email or bypassing oversight with outdated templates.
- eSignature tools that don't integrate with your current systems, requiring manual steps.
- Limited insights into contract trends, accepted clauses, or specific terms, leading to time-consuming searches.

Carizma Provides the Solution

Carizma doesn't just solve these challenges – it redefines how contracts are managed. By centralizing data, automating workflows, and delivering actionable insights, Carizma empowers your organization to confidently and efficiently take control of its contracts.

Our Customers

Carizma is trusted by organizations of all sizes and industries, ranging from global pharmaceutical companies with up to 7,000 users and over one million contracts under management to medium-sized companies with as few as 20 users. This flexibility ensures that Carizma can scale to meet your unique requirements, no matter your organization's size or complexity.

Imagine this

- Drastically reducing process times with self-service contracts and automated approval workflows.
- Automatically calculating due dates and notifying responsible users promptly.
- Instantly accessing critical contract details during audits or negotiations.
- Minimizing compliance risks with standardized, efficient processes.
- Automatically extracting metadata and clauses with precision.
- Identifying inconsistencies, problematic terms, or risks using AI-powered insights.

Unlike solutions that address only specific aspects of contract management, Carizma delivers an integrated, end-to-end platform covering the entire contract lifecycle. From self-service contract creation to enhanced collaboration and compliance assurance, Carizma is your all-in-one solution.

Why Carizma Stands Out

Carizma is more than just a contract management tool – it's a smarter, more efficient way to handle contracts from creation to execution. Unlike other solutions that focus on isolated features, Carizma delivers a comprehensive, AI-powered platform that transforms the way organizations manage contracts.

Here's what sets us apart

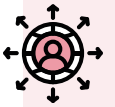

AI-Driven Efficiency
Automate metadata extraction, clause analysis, and risk detection for smarter contract management.

Seamless Integration
Connect effortlessly with Microsoft Office, SharePoint, and eSignature tools for a unified workflow.

Self-Service Contracts
Empempower teams to generate compliant contracts without legal bottlenecks, saving time and effort.

Scalability for Any Organization
Whether you manage 100 or 1,000,000 contracts, Carizma adapts to your needs.

Security & Compliance
Built on Microsoft Azure with robust access controls, ensuring data security and regulatory compliance.

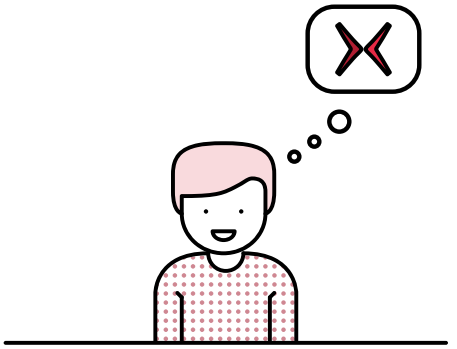

Independence & Customer Focus
Privately owned with no external investors, we prioritize long-term value over short-term profits.

Carizma is trusted by leading global enterprises for its innovation, reliability, and cost-effective approach. With a focus on automation, compliance, and collaboration, we help organizations eliminate inefficiencies, reduce risks, and gain complete visibility over their contracts.

Benefits of Using Carizma

Carizma offers a range of benefits designed to address your organization's specific needs, ensuring a streamlined, compliant, and scalable contract management experience.

- Efficiency: Streamline operations and save valuable time with automated workflows that handle repetitive tasks seamlessly.
- Collaboration: Empower your team with real-time editing tools, centralized management, and smooth integration with platforms like Microsoft Teams and SharePoint.
- Compliance: Stay on top of regulatory and legal standards with automated monitoring, proactive risk management, and built-in safeguards.
- Scalability: Designed to grow with your business, Carizma adapts to organizations of all sizes and industries, ensuring long-term usability and value.

Why Choose Carizma?

Carizma isn't just another contract management system – it's a strategic advantage for your organization. Designed to simplify, secure, and accelerate contract processes, Carizma ensures compliance, efficiency, and collaboration at every stage of the contract lifecycle.

End-to-End Contract Management
From self-service contract creation to automated approvals and AI-driven insights, Carizma covers it all.

Seamless User Experience
Intuitive workflows, Microsoft Office integration, and real-time collaboration make contract management effortless.

Data-Driven Decision Making
Powerful search, reporting, and analytics tools provide instant visibility into contract risks, trends, and obligations.

Enterprise-Grade Security & Compliance
Built on Microsoft Azure, Carizma meets the highest standards for data protection and regulatory compliance.

Scalable for Any Organization
Whether you manage 20 or 10,000 users, Carizma adapts to your needs and grows with you.

Headquartered in Basel, Switzerland, with a subsidiary in Germany, Carizma benefits from its European roots, offering unparalleled support and expertise. Whether you're a multinational corporation or a local enterprise, Carizma is your trusted partner for efficient, scalable contract management.
